	lengths	30m standard	

Applications

Photography, Portrait, Posters, Graphic Art Reproduction

Strengths

Excellent surface, high opacity, outstanding stiffness, brilliant gloss level, most excellent whiteness, very consistent layflat, instant dry, universal compatibility

5760 dpi resolution possible, best results at 1440 dpi
For best print results we recommend the use of a profile

Compatible Printers

Can be used on all commercial thermal and piezo water-based printing systems like Epson, Canon, Hewlett-Packard, Kodak, Encad etc.

Directions for use

Store material only in original boxes, out of direct sunlight under normal climatic conditions (23°, 50% RH). You can improve results by using the best possible printer settings.
